

Membership Overview

Introduction

This group was formed in Oct 2024 to create opportunities for women from our age group to make authentic, face-to-face, lasting friendships here in Florida's friendliest hometown. As we grew, we discovered that we needed more structure to ensure that the members in this group are:

1. **Gen X (born '65-'80)...**
2. **Women...**
3. **Own a home or rent full-time in The Villages...**

We feel truly lucky to be a part of this amazing group of women. Here's to good friends growing old together.

In this group we have two requirements:

1. Prove you are eligible for membership and
2. Show up if you say you are "going". **Now for the details...**

Joining is a 2 Step Process

- Step 1: Answer the three screening questions and join the Facebook group as a temporary member.
- Step 2: Become a permanent member by presenting in person your drivers license and Villages photo ID, and providing info for the Membership Directory

The Yearly Purge!

- The Purge is when the Admins review the Facebook membership every year and remove any members that have not yet become a permanent member. This happens on December 1st of each year to weed out fake accounts and anyone that has not verified their identity.
- If your name is removed, you'll need to reach out to an Admin by either Messenger or text with your proof of eligibility to rejoin.

Three Strikes Rule **XXX**

- If you "NO SHOW" to an **event** three times **during** the year, you will be removed from the group and will not be eligible to re-join. Our event coordinators put in a lot of volunteer hours creating fun activities for our group and we want to be **respectful** of their time and effort. If you click "going" consider that a commitment.

Step 1: Join the Facebook Group

As of September 2026, here are the official questions:

1. What is your birthdate (it will be added to the member directory)? Gen X is January 1, 1965 - December 31, 1980. Your ID MUST have this date. We WILL check.
2. Which Village do you LIVE in? You MUST own a home and have a Villages photo ID to be in this group!
3. Are you an adult human female with XX chromosomes? No men allowed in this group for women.

**For those not paying attention in Biology class, if the Doctor said "It's a girl!" then you have XX chromosomes in every cell of your body. XX=female XY=male 😊*

FAQ

1. Will you really check my IDs?

You betcha. Please-please-please (please!) do not put the admins in an awkward situation by joining this specific group if you do not meet the membership requirements.

And, yes, we have many 'stories' where women have 'misrepresented' their age/residence.

2. How do I get involved?

Check the [Events] Tab on the Facebook page.

3. What Villages IDs are accepted?

A photo Villages ID is required including:

- Green or Blue photo IDs issued by The Villages
- Middleton residents with Middleton photo ID
- Full-time renters (must say "Resident")
